

The aim of this anthology is to break away from mythical ideas about Islam and Muslims. It will examine how the transformation of globalized and digitalized societies affects the secularization and religiosity of the people involved, with contributions from Germany, Austria and Turkey. The texts assembled here illustrate different perspectives on the dynamic relationship between secularization and religious orientation in different contexts.

Mizrap Polat / Erol Yildiz / Jasmin Donlic (Hrsg.)

Religiosity and Secularization in Changing Times

The Example of Turkey and the Muslim Diaspora in Germany and Austria

2024, 172 Seiten
broschiert, € 35,00

ISBN 978-3-7799-8038-4
